

STEVENS POINT, WIS., MAY 3, 1916.

VOL. XXXVIII

NO. 43

## WILL ENFORCE LAWS

**Mayor Walters Tells Council Policy  
of Administration—Meeting  
Was a Long One.**

"I have instructed the chief of police to enforce the ordinances of the city and the laws of the land. I have faith in Chief Hofsoos' ability to get results, but if he can't we'll get someone who can."

That is the significant assertion made by Mayor Walters at the regular meeting of the common council last evening and it may be taken as the index of the administration's policy during the coming two years. The chief of police has been given a free hand and, from the mayor's stand, it can be taken for granted that any who are engaged in practices not countenanced by the ordinances of the city or the laws of the land must get into line or suffer the consequen-

ces. Saying that criticism heard has led to the belief that the public has an exaggerated idea of the province of the Board of Fire and Police Commissioners, Mayor Walters emphasized the fact that the board's powers end with the appointment of policemen and firemen and the hearing and filing of complaints. The mayor is the head of the fire and police departments, he said, and he, with the chiefs of the two departments, has control of them.

"The chief of police should not be expected to have anyone on the force who won't work with him and if any man does not carry on his work the way he should he should be removed," he declared. He further said that in his opinion the salaries of members of the police force should be increased; also that he is well satisfied with the fire department.

The meeting was one of the longest in months, lasting until 11:30 o'clock, and many matters of importance came up for consideration. An unusual fact in connection with the meeting, at which all the aldermen were present, was that not a dissenting vote was cast on any motion or resolution introduced.

A resolution by Alderman McDonald was passed, providing that all laborers employed by the city in street work be paid semi-monthly.

An ordinance prohibiting the posting of advertising matter on poles and posts in the city limits was referred to the judiciary committee.

Dr. von Neupert, Sr., gave a report of the contagious disease situation in the city. He stated that since August 17, 1915, to the present time there have been 71 cases of small pox, of which 60 have been under his care, at an expense of \$45. The treatment of 6 out of 12 scarlet fever patients by him cost \$6.45. He has attended to 2,272 children who applied to him for vaccination certificates, he stated. For this he has received 81 cents per day, this being his salary as city physician, although years ago the city paid as high as \$25 per day for the services of a special physician for identical work. On motion of Alderman Hyer, the committee on city affairs was instructed to confer with Dr. von Neupert and report back.

W. D. Kurz, electrical inspector for the city of Kaukauna, spoke in regard to the passage of an ordinance providing for the election of an electrical inspector for Stevens Point. Mr. Kurz, who is a representative of the underwriters' association, visits this city every month and would be a candidate for the new position, should it be established. The matter, including the ordinance that had been drawn up, was referred to the judiciary committee.

The Park Commission was given an appropriation of \$600 with which to carry on its work.

The wages of the two city street cleaners were increased, that of Joseph Ossowski from \$1.50 to \$1.75 per day and that of Joseph Zilkowski from \$1.25 to \$1.50.

The Gazette was made the official city paper, its bid being the lowest.

The board of public works was authorized to purchase asphalt road oil for use on the city streets this season from the Standard Oil Co., which submitted a bid, and coal tar from the Stevens Point Lighting Co.

Mrs. Ellen Sanford, president of the W. C. T. U., presented a communication stating that the rest room on N. Second street was closed May 1, owing to lack of patronage. The city's lease on the building expires on June 1.

The board of public works was authorized to advertise for bids for both a steel and concrete bridge over Rocky Run, to replace the one damaged by the recent high water, in accordance with plans and specifications prepared by A. T. Thompson, consulting engineer. The city attorney was also instructed to take the necessary steps toward providing for a bond issue. Mr. Thompson estimates the cost of a concrete bridge at \$6,200 and a steel bridge at \$5,500, and recommends the concrete, owing to its permanency and small cost of maintenance.

Supt. C. C. Hayward of the continuation school appeared and presented some facts in answer to criticisms that had been heard to the effect that the school is a cheap excuse for children staying out of school. Mr. Haywood stated that the day school for permit children has an enrollment of 43 boys and 23 girls, while 27 children who are out of school and employed at home are pursuing their studies there. In the all-day industrial department there are 13 boys and 14 girls, while 17 girls employed

in a local factory are in class twice a week. The night school enrollment for the term was 221. A number of questions were asked him, particularly in regard to the issuance of working permits, and any doubt that may have existed as to the efficacy of the school he represents seemed to have been dispelled.

Mayor Walters brought up the question of appointing a board of health as provided for by the state law. "The people of this city have got to come to an understanding that a quarantine is a quarantine," he declared, citing this as the main reason why a board of health should be established. The names of Dr. W. W. Gregory, C. E. Van Hecke and City Attorney W. B. Murat were suggested for membership, but action was deferred to the next meeting, in order to give time to thoroughly investigate the statutes and other details.

On motion of Alderman McDonald the sum of \$50 was appropriated to the G. A. R. to be used for the annual Memorial Day observance.

Alderman Schuweiler stated that the need of an ambulance is daily increasing and Mayor Walters voiced the same sentiment. It is proposed to have the city purchase the conveyance, possibly securing a second hand one. This, with the proposition of purchasing a lungmotor, suggested by the mayor, was referred to a special committee composed of Aldermen Schuweiler, Urowski and Martin.

Mayor Walters gave a brief outline of some of the things that should be done to improve the city. He suggested that a number of narrow streets should be widened, that the drainage facilities along the north city limits should be improved and that S. Church street and the paper mill roads should be attended to.

Mayor Walters declared himself in favor of systematic and extensive street improvement work and said that the board of public works intends to get busy at once on some of the streets most in need of repair. He referred particularly to S. Church street and the roads leading to the paper mills.

An executive session was held shortly after 11 o'clock, at the close of which the council took up the matter of having a plan for the storm sewer system drawn up by Mr. Thompson, consulting engineer. Mr. Thompson said the cost would not exceed \$500. The board of public works was instructed to investigate and report.

### REV. SCHMIDT MARRIED.

Rev. M. M. Schmidt, for a couple of years pastor of the Friedens Evangelical church in this city but who accepted a call to Merrill last month, was married at Weyauwega on Wednesday evening, April 26th, to Miss Alma Rohloff of that village. The ceremony took place at 7:30 o'clock and was witnessed by a large number of friends. Rev. Kollath of Malone tied the nuptial knot and Rev. Merey of Milwaukee served as best man. Miss Laura Larsen was bridesmaid and Miss Magadenz maid of honor. Little Anna Rohloff, a sister of the bride carried the wedding ring. The groom's many friends in Stevens Point will extend their blessings.

### MOVING TO OWEN.

Burt Spaulding, who is engaged in the moving picture business at Owen, came down last week to visit his sister, Mrs. F. H. Murray, and assist the lady and her family in packing their household goods. Mrs. Murray and little daughter, Emily, expect to spend part or all of the summer at Owen and Fred may also be there a few weeks. He has several desirable positions in view, including that of traveling salesman. During the past winter he had filled the position of weighmaster at the city scales and for several years prior to that time was engaged in the grocery business on Strong's avenue. Hundreds of Stevens Point friends will be grieved to learn that this esteemed family is about to make their home elsewhere, but all join in wishing them health and prosperity.

### NEWS AGENT EXPIRES.

A young fellow from Minneapolis by the name of O'Dell expired suddenly Sunday evening on south bound Sibley passenger train No. 2, in charge of Conductor C. B. Baker of this city. O'Dell, who was the news agent on the train, got off at Burlington to mail a letter for Mr. Baker and on returning to the train went into the smoking car. There he was seized with a hemorrhage and, although he was removed from the train and a doctor summoned, he died in a short time. His brother, from Minneapolis, went to Burlington Monday night to take charge of the body.

### MAY LOCATE IN WEST.

Fred Hollenbeck, who had been in the employ of the Copps Co. for two and a half years, the last few months as traveling salesman, has tendered his resignation, which took effect last Saturday, and is planning on going west. "Holly" came to Stevens Point three years ago in the role of baseball pitcher and each season since then has been identified with local baseball teams. He has also taken an active interest in bowling, in which, as well as in the baseball game, he is a star performer. His acquaintance in the city is large and favorable and his departure will occasion general regret. He left Saturday for his home in New Holstein, but will return here before leaving for the west.

## THE MALICK FARM SOLD PRIESTS' FIRST MASS

Tract of 480 Acres in Linwood is Transferred for Consideration of \$35,000.

The biggest farm land deal in Portage county for several years was completed this week when 480 acres of what is known as the J. P. Malick farm was transferred to Frank C. Dunning of Elgin, Ill. The former owner was James V. Mink, also of Elgin, who disposes of the property for a consideration of \$35,000. This includes a mortgage for \$15,000 on the property. The land is located just below the city limits, in Linwood township, and is especially adapted to dairying and stock raising. Probably the best rural residence in Portage county is included among the farm buildings, there also being a large modern barn and other firstclass structures.

Mr. Dunning is an expert stockman and will engage in this business on an extensive scale. He owns many head of thoroughbreds and high grade cattle, all of which will be shipped to the new location. His coming here may prove of untold value.

### PLAY CALLED OFF.

The home talent play, "All Aboard," which was to have been put on here this month under the auspices of the Business Men's Association, has been called off. The cast was partly organized when this decision was reached, but owing to the conflict with Normal entertainments and other events it was deemed best for all concerned not to put on the production at this time. It is probable that some sort of an entertainment will be staged during the summer.

### MOTHERS' DAY.

Sunday, May 14, will be generally observed throughout the country as "Mothers' Day," in honor of mothers, living and dead. Flowers are the tokens for Mothers' Day: carnations for mothers dead and blooms of any variety for mothers living. The color this year will be immaterial, it is stated, largely as a matter of necessity, because of the heavy demands made upon the florists.

The churches of Stevens Point, as for several years past, will have special programs for Mothers' Day.

### STUDENTS BEING EXCLUDED.

Students of the public, Normal and parochial schools who have not already had small pox or have not been vaccinated are being excluded from the classrooms, by order of the health department. The order went into effect Monday and, although some dissatisfaction has been expressed, the desired results are being accomplished.

Many who have hesitated to be vaccinated are submitting to the treatment and as a result the danger of further epidemics is being minimized.

### MCDONALD PRESIDENT.

Alderman Elected Head of Board of Public Works—Anscheutz is Re-elected Street Foreman.

Alderman R. K. McDonald was elected president of the board of public works at the organization meeting of that body, held at the city offices Monday afternoon. On Tuesday another meeting was held, when E. H. Anscheutz was re-elected street foreman.

At Monday's meeting J. E. Leahy, ex-member of the board, was elected to the position of inspector for all paving to be done during 1916. The city clerk was instructed to notify owners of property abutting on Ellis street, between Reserve and Fremont, that the city will put in and charge up laterals for sewer and water where the same have not already been laid.

At the second meeting Thomas Ellis was given the contract for doing the street sprinkling in the downtown section and Dee Bourne the contract for the same work on the South Side until the streets in that part of the city are oiled. Their bid, which covered their own services and the services of a team, were \$3.50 per day each.

The matter of engaging a man, horse and wagon for general street work was referred to the street foreman. J. M. Matteson and Peter Yorton applied for the contract.

A. T. Thompson, consulting engineer, presented a report on the proposed culvert for Central avenue, West Side, to relieve the annual flood conditions there. He recommended two 30 foot arches, with open outlets, and a chipped stone and concrete spill-way on the south side of the road, to prevent damage to the embankment.

### MAYOR MAKES APPOINTMENTS.

Mayor Walters announced two new appointments at the council meeting last evening. Anton C. Krems, who has been a member of the Board of Fire and Police Commissioners for five years, was reappointed for a similar period and John N. Peickert was named chief of the hook and ladder company.

The mayor did not appoint any fire wardens, as has not been done in years past. The fire wardens are a part of the "fifth wheel" of the city government and, with the regular firemen making periodic inspections, there is less reason than ever before for their existence.

Rev. Joseph F. Gabryszek and Rev. Frank Bemowski Conduct Services at St. Peter's Church.

Rev. Joseph F. Gabryszek, newly ordained priest, celebrated his first solemn high mass at St. Peter's Catholic church in Elgin, Ill. The sermon was delivered by Rev. C. H. Szypa of Flintville. Little Miss Magdalene Gniotowski of Menominee, Mich., a cousin of Father Gabryszek, was the little bride, and her bridesmaids were Evelyn and Eleanor Wozalla. Among the priests, other than those mentioned, who were present for all or part of the service were the following: Rev. John Machnikowski and Rev. H. J. Ehr, city; Rev. M. Klosowski, Mill Creek; Rev. P. Borowski, Plover; Rev. V. Purc, Torun; Rev. L. Jankowski, Hull; Rev. F. Nowak, Rosholt, and Rev. T. Malkowski, Polonia.

Father Gabryszek was assisted by Rev. S. A. Elbert, pastor of St. Peter's, as arch presbyter; Rev. John S. Landowski as deacon, Rev. Frank Bemowski as sub-deacon, and Rev. W. J. Rice as master of ceremonies. The sermon was delivered by Rev. C. H. Szypa of Flintville. Little Miss Magdalene Gniotowski of Menominee, Mich., a cousin of Father Gabryszek, was the little bride, and her bridesmaids were Evelyn and Eleanor Wozalla. Among the priests, other than those mentioned, who were present for all or part of the service were the following: Rev. John Machnikowski and Rev. H. J. Ehr, city; Rev. M. Klosowski, Mill Creek; Rev. P. Borowski, Plover; Rev. V. Purc, Torun; Rev. L. Jankowski, Hull; Rev. F. Nowak, Rosholt, and Rev. T. Malkowski, Polonia.

An impressive incident in connection with the service came at its close, when the new priest gave his blessing to his brothers, Julius Gabryszek of Milwaukee, Louis Gabryszek of Green Bay and Walter and Frank Gabryszek of this city. He then gave his blessing to the congregation as a whole.

About 150 guests had dinner at the home of Father Gabryszek's brothers, Walter and Frank Gabryszek, 300 Normal avenue, at 12:30 and 6 o'clock. Some of those present were relatives from Menominee, Mich., Green Bay and Milwaukee. Instrumental music was furnished by an orchestra directed by M. P. Friday.

Father Gabryszek was born near Green Bay, December 17, 1888. He was a student at St. Bonaventure's college, Pulaski, for five years. Later he attended St. Cyril and Methodius seminary at Orchard Lake, Mich., and St. Paul's seminary at St. Paul, completing his studies at the last named institution.

Father Gabryszek has been assigned to the assistantship of St. Mary's church at Kaukauna and will leave for that city Saturday.

First solemn high mass was celebrated by Rev. Frank Bemowski of this city at St. Peter's church at 10 o'clock last Thursday morning, in the presence of many relatives and friends.

Rev. S. A. Elbert was arch presbyter, Rev. John S. Landowski, deacon; Rev. A. L. Szczerski of Chicago, sub-deacon and Rev. M. Klosowski of Mill Creek, master of ceremonies. Rev. J. Pociecha of Sobieski, formerly of Rosholt, preached the sermon. The little bride was Agnes Bemowski, niece of Father Bemowski, and her attendants were her sister, Theresa, and Agnes Formella.

Priests who were present included Rev. L. J. Pescinski, Fancher; Rev. F. Nowak, Rosholt; Rev. Leo Laskowski, Pine City, Minn.; Rev. T. Malkowski, Polonia; Rev. S. J. Szczepanski, Chicago; Rev. W. B. Polaczek, Junction City; Rev. J. Scullen, Winona, and Rev. W. J. Rice and Rev. H. J. Ehr, city.

Father Bemowski's parents entertained at their home on North First street during the afternoon and evening in honor of their son, with over 200 guests present. Dinner and supper were served.

Father Bemowski is a native of the town of Hull and was 28 years of age last March 30. He received his elementary training at St. Peter's parochial school in this city and later was a student at St. Stanislaus college, Chicago; St. Cyril and Methodius seminary at Orchard Lake, Mich., and St. Paul's seminary, St. Paul.

He will leave the last of the week to begin work as assistant at St. John's church at Antigo, and the well wishes of many friends in Stevens Point and vicinity go with him.

### WILL REMODEL HOUSE.

Miss Anna Sater will move the last of the week into the furnished residence at 319 Dixon street, which she has rented from Miss Sarah Stinson. Miss Sater's present home, at 1013 Wisconsin street, was sold to F. E. Rosenow last December. Mr. Rosenow will make some repairs and improvements on the residence and after it is rented.

ACCEPTS LOCAL PASTORATE.

Rev. Fred Schlinkmann of Petaluma, Cal., Coming to Friedens Church Last of June.

Rev. Fred Schlinkmann of Petaluma, Cal., has formally accepted the call extended him by the local Friedens Evangelical church and is expected here to assume the pastorate the latter part of June.

Mr. Schlinkmann is a comparatively young married man and comes of a ministerial family, his father and one brother being clergymen in Illinois. He has been in charge of a mission congregation in California.

There will be services at Friedens church a week from Sunday at 7:30 p.m., conducted by Rev. M. Rosenfeld of Marshfield, but further than this no arrangements have been made for the period preceding the arrival of the regular pastor.

### HALL OPENS CAMPAIGN.

Don C. Hall, Portage county's candidate for governor of Wisconsin, tilted his campaign lid at Saxon on April 8, according to a letter received from him by The Gazette. "An hour and a half in freezing weather with a bitter north wind. There's a 'grip' in the truth about things." He inclosed a couple of snap-shots of the meeting and said he would deliver an address at Birnamwood next Saturday.

### AIM TO KEEP TRAIL.

The Stevens Point Retailers' association doesn't intend to let the Yellowstone Trail be re-routed so as to exclude this city and at a meeting held Monday evening selected a committee consisting of G. W. Andrae, A. M. Young and G. A. Gullikson to solicit funds for paying off \$80 in assessments due the

## A DROWNING TRAGEDY HAVE GREAT RECORD

Donald Bentley, Eight Year Old Boy, Loses Life In Big Plover River In Sharon.

His fondness for fishing led Donald, the eight year old son of Mr. and Mrs. A. P. Bentley of Sharon, to his death by drowning last Saturday afternoon. His body, after a search of many hours, was found at about 11:30 o'clock Sunday night a mile below the point where he fell into the stream.

Donald, standing on a board that extended over the water at the foot of the dam in the little Plover at Bentley's sawmill, owned by his father, was last seen alive at about 3 o'clock Saturday afternoon. At that time Mr. Bentley, who was working in the mill, gave him instructions to go home. A short time later Mr. Bentley noticed that his son had disappeared, and naturally believed he had gone to the house.

It was not until 5 o'clock that the family became alarmed. Mrs. Bentley noticed that her son was not with any of the other children of the neighborhood and started an investigation. Donald could not be found, so a thorough search of the river and the adjacent woods was begun. At 9 o'clock that evening his cap and fish pole were found about 10 rods below the dam, and preparations were immediately begun to drag the river. Grappling hooks were secured from this city, but effective work could not be done until Sunday, owing to rain. The gates of the dam were closed and all day Sunday the work was continued, dozens of neighbors lending their assistance. It was thought possible, along toward evening, that the lad might have been carried into the flume, and a call for a professional diver was sent out. Before one could be secured, however, the body was located by Albert Cykosc in about three feet of water.

Mr. and Mrs. Bentley have two older children, Nellie and Lloyd, to console them in their sorrow. Nellie is a student at the local Normal. The funeral was held Tuesday, services being conducted by Rev. James Blake of the Baptist church of this city at noon at the family home. Hymns were sung by Mrs. C. H. Vetter, with accompaniment by Mrs. James Blake. The remains were brought to this city for burial in Forest cemetery. Four cousins of the deceased, William O'Connell, who came from Madison, where he is attending the University; Vern Campbell, Aaron Campbell and Jefferson Bentley, were the pall bearers.

Mr. and Mrs. Charles Drake, Mr. and Mrs. John Bentley, Mr. and Mrs. Henry Winslow and Mr. and Mrs. James Hubbard of Plainfield were among those who attended the funeral.

### HIGH SCHOOL NOTES.

Miss Helen Wing visited over Sunday with friends at Beloit.

Supt. H. C. Snyder spent the week end in Chicago on business.

The commercial students visited the Copps Co. offices last Friday.

Born, to Prof. and Mrs. F. J. Steckel on Sunday, April 30, a daughter.

Walter Tippet will spend next Saturday and Sunday at his home in Appleton.

The Senior class baseball team defeated the underclassmen's team yesterday afternoon by a score of 7 to 2.

Miss Glotfelter, domestic science instructor, was absent from school Monday afternoon on account of illness.

About five students failed to have their vaccination certificates by Monday and were therefore suspended from school.

The Emerson and Thalian literary societies will hold a joint meeting on Wednesday to see which society can give the most interesting program.

Thursday, May 4, Helen Hudson will go to Merrill, where she will take part in the district declamatory contest. Those who win places at this district meet will go to the state meet at Madison in a few weeks. Miss Hudson will be accompanied by Miss Margaret Rodger, who has been coaching her. Mrs. Rodger will remain in Merrill over Sunday visiting with friends.

The annual Junior Prom, which was given at the Parish House last Friday, was a very pretty affair. The hall was decorated in green and pink colors and the stage was decorated with flags, thru which a large electric sign with the name "Junior" was visible. At 9:30 o'clock, the grand march took place, led by the class president, Carl Voge, and Miss Frances Goder. Programs were given out at the end of the grand march by Father Jacobs and William Heggen. Ninety-four couples were present and all pronounced it a great success.

### HATS CLEANED.

Don't discard your last year's hats. Bring them to the Arcade, 410 Main street, and have them made like new. Ladies' and gentlemen's straw, felt and Panama hats cleaned and reshaped. Satisfaction guaranteed. 2

### How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. Cheney & Co., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm.

National Bank of Commerce, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all drug-gists.

Take Hall's Family Pills for constipation.

Annual Banquet and Business Meeting Emphasizes Accomplishments of Episcopal Church.

With the most successful year in the history of the parish at an end and the future looking bright in the light of past achievements, the annual banquet and business meeting of the Church of the Intercession, held at the Parish House Monday evening, was an event permeated by the spirit of thankfulness and jubilation.

Donald, standing on a board that extended over the water at the foot of the dam in the little Plover at Bentley's sawmill, owned by his father, was last seen alive at about 3 o'clock Saturday afternoon. At that time Mr. Bentley, who was working in the mill, gave him instructions to go home. A short time later Mr. Bentley noticed that his son had disappeared, and naturally believed he had gone to the house.

It was not until 5 o'clock that the family became alarmed. Mrs. Bentley noticed that her son was not with any of the other children of the neighborhood and started an investigation. Donald could not be found, so a thorough search of the river and the adjacent woods was begun. At 9 o'clock that evening his cap and fish pole were found about 10 rods below the dam, and preparations were immediately begun to drag the river. ### HAT CLEANING.

John Karner to Laura Ostrowski, both of Stevens Point. Wm. Van Ert to Nellie Van Let, both of Carson. Emil Mayer of Bruce, Wis., to Pearl Schwartz of Junction City. Jos. Loberg of Roslott to Agnes Omernik of Sharon.

### ROADWORK IS BEGUN

County Highway Commissioner T. E. Cauley Starts Five Crews At Work in County.

Roadwork in Portage county began in earnest Monday morning, under the general supervision of T. E. Cauley, county highway commissioner.

Mt. Cauley has started five crews out. Robert Wilson is in charge of a crew in the town of Hull; Fred Kimball of a crew in the town of Plover; Milo Church of a crew in Plover village; Mike Kluck of a crew in Sharon and Carl Becker of a crew in Alban.

The crew at work in Hull is grading the highway leading from the east end of Clark street, this city, to Plover Hills, a stretch which, owing to its sandy character, has had the reputation of being one of the worst pieces of roads in the county. This, like all the other roads to be improved, will be paved with macadam.

The town and village of Plover will spend \$7,000 or more this year in improving the main road leading to this city, which, when completed, will make an unbroken stretch of eight miles of macadam highways, leading from the south city limits to the border of Buena Vista township, the longest in the county. In addition to this, the county will re-dress about three miles of macadam road in Plover township.

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. Cheney & Co., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm.

National Bank of Commerce, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all drug-gists.

Take Hall's Family Pills for constipation.

### REMAINS BROUGHT HERE.

The remains of Hiponite Koteki, aged 40, who died at Weyauwega Saturday afternoon, were brought to the home of his mother, Mrs. E. Koteki, 1228 Normal avenue, this city, Sunday, and funeral services were held Tuesday morning from St. Peter's church, interment following in the parish cemetery. The deceased is survived by his mother, two sisters, Mrs. Clement Zelewski of this city and Mrs. J. Szabalski of Chicago, and a brother, Stanley, also of Chicago.

### TWO ROOF FIRES.

The fire department was called out at about 2:30 o'clock Sunday afternoon to the building at 123 S. Third street, used as a second hand store by Sam Goldberg. A blaze had started in the roof and had spread to the attic, but was extinguished before much damage was done.

At about 11:30 o'clock Monday forenoon a roof fire was discovered in the old Heil residence at the corner of Ellis and Pine streets, occupied by Conductor George Tardiff and family. The fire department was called out and made short work of the blaze.

### START SEASON SOON.

**CITY LEAGUE TEAMS TO GET INTO ACTION ON SUNDAY, MAY 14—SCHEDULE IS COMPLETED.**

The baseball lid will be tilted on Sunday, May 14, when the Stevens Point City league will formally open at the fair grounds, with the Palace of Sweets and the Missions as contenders. The schedule committee has prepared the following schedule for the season:

May 14—Palace of Sweets vs. Missions.

May 21—Continents vs. Macnishes.

May 28—Palace of Sweets vs. Macnishes. Missions vs. Continents.

June 4—Palace of Sweets vs. Continents.

June 11—Macnishes vs. Missions.

June 18—Palace of Sweets vs. Missions. Continents vs. Macnishes.

June 25—Palace of Sweets vs. Macnishes.

July 2—Missions vs. Continents.

July 9—Palace of Sweets vs. Continents. Macnishes vs. Missions.

July 16—Palace of Sweets vs. Missions.

July 23—Continents vs. Macnishes.

July 30—Palace of Sweets vs. Macnishes. Missions vs. Continents.

August 6—Palace of Sweets vs. Continents.

August 13—Macnishes vs. Missions.

August 20—Palace of Sweets vs. Missions. Continents vs. Macnishes.

More Locals.

The annual dinner for the office employees of the Hardware Insurance companies took place at the Hotel Jacobs Sunday at 1 o'clock. Places were laid for ten.

Mrs. Margaret Tozier, who had been receiving treatment at St. Michael's hospital for a couple of weeks, was able to return to her home at 325 Pine street yesterday.

The rector gave a brief report, in which he stated that 316 public services had been held during the year, which were attended by 13,000 people.

Prof. Hyer spoke of the motion picture entertainments being given at the Parish House and T. H. Hanna told of the success of the bowling alleys and the billiard tables in the Parish House.

The election of officers was the closing order of business. R. A. Cook and J. L. Jensen were re-elected senior and junior warden, respectively. T. H. Hanna, F. S. Hyer, J. W. Battin, H. A. Vetter, D. E. Frost, O. E. Johnson and L. P. Moen were elected vestrymen. O. E. Johnson, A. F. Bryan, F. S. Hyer, T. H. Hanna, J. E. Hyatt, E. H. Rothman and D. E. Frost were elected delegates and Geo. B. Nelson, W. E. Atwell, G. A. Swanson, R. A. Cook, Ray Clark, J. L. Jensen and H. A. Vetter alternates to the annual diocesan Council at Fond du Lac, June 6th and 7th.

At the close of the parish meeting the Vestry met and re-elected J. W. Battin secretary and H. A. Vetter treasurer.

### MARRIAGE LICENSES.

John Karner to Laura Ostrowski, both of Stevens Point. Wm. Van Ert to Nellie Van Let, both of Carson. Emil Mayer of Bruce, Wis., to Pearl Schwartz of Junction City. Jos. Loberg of Roslott to Agnes Omernik of Sharon.

### ROADWORK IS BEGUN

County Highway Commissioner T. E. Cauley Starts Five Crews At Work in County.

Roadwork in Portage county began in earnest Monday morning, under the general supervision of T. E. Cauley, county highway commissioner.

Mt. Cauley has started five crews out.

Robert Wilson is in charge of a crew in the town of Hull; Fred Kimball of a crew in the town of Plover; Milo Church of a crew in Plover village; Mike Kluck of a crew in Sharon and Carl Becker of a crew in Alban.

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. Cheney & Co., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm.

National Bank of Commerce, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all drug-gists.

Take Hall's Family Pills for constipation.

### SCHOOL REPORT.

Report of School Dist. No. 5, town of Sharon, for month ending April 28, 1916. Number of days taught, 20; number enrolled, 50; number of boys, 26; number of girls, 24; grand total days attendance, 644; average daily attendance, 12.8.

Children who attended every day were Carl Schliesmann and Florian Teplaski. Those absent one day were Pearl Teplaski, Eleanor Kolz, Dennis Eiden, Henry Smaglik.

List of visitors this month follows:

Paul Schliesmann, Joe Formella, Henry Schliesmann, August Bischoff, Leon Dembicak, Leo Kluck, Dominick Bembeneck, Edward C. Horn, Joe Czerwonke, town assessor, Bernadette Formella, Bessie Welch, August Oesterle, Agnes Sucka, Rev. Joseph Bartalme, Cordelia Schliesmann, Walter Dembicak and Peter M. Eiden.

We have a fine display of sewing in our school which was done by the girls of the middle and upper forms. The boys have been making bird houses and little log cabins. We have also tested seed corn and have started a bird club.

The teacher and pupils of school district No. 5, town of Sharon are going to give a Mother's Day program at the school house at Ellis, Friday evening, May 12th, beginning at 8

### Enslaved By Clocks.

There is no escaping the fact that the man who invented the clock and the men who have since developed its manufacture so as to make it a useful servant made a great contribution to time off on a mechanical basis and regulating industry, moulding leisure, and fixing eating, rising and retiring time has not been an unmixed blessing. The clock and all it represents has become the master as well as the servant of humanity.

Now, according to press dispatches, Germany in accordance with her many efficiency and common sense innovations has determined to change the clocks to accord more nearly with nature. We are told that clocks will be set ahead an hour during the summer season. This has been advocated frequently on sound theoretical grounds and it is to be hoped that it will be put upon a sound practical basis.

As a health promoting measure I can think of nothing costing so little which would secure so much good. Consider a few of the advantages of changing the clock-hours so as to more nearly coincide with sun-hours. Hygienists hold that working people need more wholesome, out-of-door play and recreation, more sunlight and fresh air. These are difficult to secure for people who labor till near dark. Suppose that instead of our present summer practice of sleeping through the first few hours of sunlight and working to almost the end of the last few, we went to work at sunrise and stopped in the early afternoon. Consider how plentiful daytime would then be for baseball, fishing, tennis, gardening, golf, swimming and other favorite out-door sports and pastimes.

Many pale, bloodless faces of factory workers would become tanned; tired discouraged eyes would become bright; blood that had become thin and sluggish would, for many, be renewed and would race again with the joyousness of youth. Even those who cared only to lounge about would be much better off in the sunlight than in the close, stuffy air of artificially lighted rooms.

And what prevents the people from securing this health and these joys for themselves? I can think of but one answer—*inertia*. “Inertia” according to the physics definition “is that property of matter by virtue of which it retains its state of rest or of uniform rectilinear motion so long as no foreign cause changes that state.” Perhaps Germany’s example will be the foreign cause which will change our state of sluggishness into a more purposeful state of activity and secure a greater measure of both health and happiness.

The consolidation movement is growing in Burnett county. Three districts voted to consolidate last month and in three other sections of the county people are interested in and talking of consolidation.

### AN APOLOGY.

Having made certain statements against John Formella, as an officer of the town of Sharon, and against him as an officer of the Polish Fire Insurance Company, reflecting on his character as an officer, I wish to state that I have since learned that all such statements made by me are untrue. I simply repeated what had been told me by a candidate for office in said town, and having learned that these statements made to me and by me are not true, but are false, I take this means of making a public apology.

Dated this 1st day of May, 1916.  
Frank Pavelski.

### Rheumatism.

If you are troubled with chronic or muscular rheumatism give Chamberlain’s Liniment a trial. The relief from pain which it affords is alone worth many times its cost. Obtainable everywhere.

### DIES VERY SUDDENLY.

August Frank, Well Known Fourth Ward Resident, Victim of Heart Failure.

August Frank, aged 47, died at the family home, 312 North avenue, at about 2 o’clock Friday morning. His death was unexpected and was caused by heart failure, the deceased passing away before medical aid could be summoned. Although ill several weeks ago, Mr. Frank had recovered and was from all appearances in good health before retiring Friday evening.

Mr. Frank was born in German Poland, Jan. 3, 1869, and came to this country at the age of nine years, locating at Chicago. He resided on a farm in Carson for a number of years and later returned to Chicago. He came to this city about fourteen years ago and resided here ever since. He was married in 1892 to Miss Josephine Slowinski of Carson.

Mr. Frank had been at different times employed by the John Week Lumber Co., the Clifford Lumber Co., and the Automatic Cradle Mfg. Co. and had acted in the capacity of special police for about a year. Besides his wife, he is survived by thirteen children as follows: Mrs. Thomas Brill and Miss Celia Frank of Carson, Helen and Anna Frank of Chicago, Joseph, Martha, Sophie, John, Suzanne, Otelia, Josephine, Amelia and Alice Frank, this city. He is also survived by a brother and sister, Joseph Frank and Mrs. Anna Kunz, both of Chicago.

The funeral was held Monday morning from St. Peter’s Catholic church, Father S. A. Elbert officiating. Interment followed in the parish cemetery.

### LOSE BABY SON.

Neil LeRoy Allen, the eight months old child of Mr. and Mrs. Fred Allen, 303 Mill street, died at 4 o’clock Friday morning. The remains, accompanied by Mr. and Mrs. Allen and Rev. James Blake, were taken to Amherst Saturday morning for burial.

### RUNAWAY DAY.

Last Thursday was “runaway day” in this city, three being recorded, but with no serious results. In each case, the owners of the teams were farmers. Two occurred at noon, one on Strong’s avenue and Mill street, and one starting from the public square. Considerable damage was done to one of the wagons, but the drivers escaped uninjured.

### SOO STATIONS ROBBED.

Local Soo line officials have experienced considerable trouble the last few days with tramps breaking into stations along the line. At Spencer last Friday night the depot was entered and a quantity of merchandise stolen. The station at Curtiss was recently broken into and several tickets to Chicago and Minneapolis taken. The largest loss is recorded at Marengo, where thieves carried off the safe, baffling the officials, who have not as yet been able to locate it.

### ODD FELLOWS’ BIRTHDAY.

The following program was carried out last Thursday evening at Stump Lodge in celebration of the 97th anniversary of the founding of the Odd Fellows’ order: Address, C. W. Dittman; piano solo, Jesse White; reading, Miss Loretta Pagel; cornet solo, F. E. Noble; vocal solo, Mrs. C. H. Vetter; reading, Leo Blanchard; vocal solo, Miss Marguerite Trowbridge; clarinet solo, E. A. Badten; vocal solo, Miss Gladys Reinke. Over 100 members of the two local lodges of Odd Fellows, the Rebekahs and the Plover Odd Fellows were present.

### WORK IS PROGRESSING.

Actual construction work on the handsome new residence of Mr. and Mrs. C. W. Copps on Ellis street is in progress and the expectation is that it will be ready for occupancy by late summer. It will be of the bungalow type, thoroughly modern and roomy. As has been stated before, F. M. Playman is the contractor and architect and the cost will approximate \$3,500.

Mrs. Copps’ parents, Rev. and Mrs. S. N. Wilson, of Reedsburg, will come here in the fall and it is probable that they will secure a home and remain here permanently.

### GREAT PICTURE COMING.

“Cabiria,” declared by many to be the grandest film spectacle ever conceived, superior even to “The Birth of a Nation” in magnitude and faithfulness of detail, is to be shown at the Parish House next Saturday, May 6, afternoon and evening. “Cabiria” is a story of Rome, Carthage and Greece in the third century. It is based upon historical events, with a beautiful love story entwined. Its presentation here will be at 2 and 8 p.m. Saturday and the Columbia orchestra will furnish music. It takes three hours to run the film. A number of Stevens Point people have seen “Cabiria” in larger cities and they endorse it in most glowing terms.

### REMAINS LAID AWAY.

The remains of Mrs. Jane B. Patch, who died at Canfield, O., on March 7, at the age of 94, arrived in the city at 9:30 o’clock yesterday morning and were taken immediately to Forest cemetery, where interment took place beside the body of her husband, Rev. Jacob Patch. A brief service was conducted at the grave by Rev. John A. Stemen of the Presbyterian church.

The funeral party that accompanied the remains from Canfield was composed of Dr. and Mrs. Daniel Campbell, Dr. Mary Patch and Orin Patch. The two ladies are daughters and Orin Patch is a grandson of the deceased. The pallbearers here were C. H. McCreedy, G. E. Culver, H. C. Welty, L. F. Clark and C. W. Copps.

At the regular mid-week service at the Presbyterian church this evening some thoughts in regard to the life of Mrs. Patch will be expressed.

## PIONEER NEWS MEN

Col. Watrous Mentions Stevens Point Editors in Personal History of State Press.

The Sheboygan Press recently issued a 74 page “Made in Sheboygan” edition, carrying 235 columns of advertising and filled with interesting pictures and “write-ups.” A principal feature was a 17 column history of early Wisconsin journalism, from the pen of Col. J. B. Watrous of Milwaukee. Col. Watrous’s contribution was in a personal vein and the following extracts will appeal to residents of Stevens Point:

“It was away back in the 30’s that a paper was started at Green Bay. Gen. A. G. Ellis was one of the proprietors. It had various names. It was called the ‘Democrat,’ ‘The Republican’ and one or two other names before it passed out of existence. Gen. Ellis, after that, was for a long time editor of the Stevens Point Pinery. He also served in the state senate, was a writer of great vigor, a man of large influence and never wearied in praising this part of the state. That band of northern Wisconsin newspapermen who early in the 70’s met at Stevens Point for a convention will not forget the splendid address he gave them, and the good advice he gave.

“About sixty-five years ago a young man started an abolition paper at Sheboygan Falls, called the Freeman. Later he went to Fond du Lac and became interested in the Commonwealth wealth, which he conducted until 1869. He was Joseph A. Smith, an honest, able man. His last newspaper work was on Hoard’s Dairyman. While he was with the Commonwealth he had several young men who became prominent. Two of them became his associates as publishers, Thomas H. Bryant and Charles H. Benton, who became captains in the army. Another, a printer, served three or four years, was for a long time a prisoner, and when the war ended returned to the Commonwealth and was its city editor. While in that position he wrote a story that is still going the rounds. It was headed: ‘Having fun with the Boys in Oshkosh.’ The state knows that man. For more than a quarter of a century he has been editor of the Stevens Point daily and weekly Journal—Edward McGlachlin, a printer-editor to be proud of, and a friend to appreciate. He is the father of Lieut. Col. E. F. McGlachlin of the United States army, and, I think, the grandfather of a young lieutenant in the army. He has been postmaster of his city and has served the district in the assembly.

“An odd genius was Caleb Swayze, who fifty years ago or more began publishing the Stevens Point Pinery. He set much of the type and did press and editorial work. When a man came in to pay his subscription Swayze put the money in one of the cap boxes of his case until most of the boxes were fairly loaded and then he would gather it up and deposit it.”

### OUR CLUBBING OFFER.

Through a special arrangement we are able to offer a clubbing rate of \$4.25 a year for The Gazette and the Milwaukee Daily Journal. The Gazette is the most widely read newspaper in Central Wisconsin, presents all the news in a clean, readable manner, with special attention to the rural districts; the Milwaukee Journal is a metropolitan newspaper in every sense of the word. The regular price of The Gazette is two dollars and of the Milwaukee Journal three dollars. Send us your order for both at \$4.25, strictly in advance.

### COYNER AT CONFERENCE.

J. M. Coyner, Portage county’s farm expert, was at Madison on Tuesday and Wednesday of last week, in attendance at a conference of agricultural representatives of the state. There are seventeen county agents in Wisconsin and every one of the was present. The speakers were H. B. Fuller of the United States department of agriculture, Prof. Hibbard, Dean H. L. Russell, Prof. J. G. Milward and Miss E. B. Kelly of the University of Wisconsin. The visitors were entertained at luncheon by Prof. Hatch and E. L. Luther, the latter being the director of farmers’ institutes in the state.

While at Madison Mr. Coyner made arrangements for the farmers’ institute to be held at Almond next Friday, May 5th.

Mr. Coyner was at Waupaca last Friday, where he attended a conference of growers of certified potatoes in Waupaca county. J. W. Hicks and Prof. J. G. Milward, president and secretary of the State Potato Growers’ association, were present.

Europe’s most important river is the Rhine, which drains one of the greatest industrial regions on earth and has been one of the main factors in German commercial development.

### SLAUGHTER OF PROGRESSIVES.

BISHOP VISITS CITY.

Ellis B. Usher, the syndicate writer

who sends out weekly letters from

Milwaukee, has the following para-

graphs concerning recent political

events:

The primary in Massachusetts has followed the rule that prevails this season—light vote, phenomenally so, and slaughter of the progressive element, Bryan, Roosevelt and La Follette. Here it was Roosevelt who fell through the coal hole on a total vote such as almost any Massachusetts congressional district could cast if its voters went to the polls. Mr. Roosevelt was fulminating against his president and government up to the last minute, and the small vote and defeat is the answer.

For an ex-president to assume the role of a constant, extravagant and unfair critic of his successors has not seemed a way likely to appeal to loyal Americans. The result here, so far as the insignificant vote cast is an indication, is only a suggestion of what is going to happen to the Republicans who can’t learn that the people don’t want to hear these constant and carpings criticisms of their government. It is not a patch to what they will get in November, if they cannot learn sense without forcing their countrymen to give them a drubbing.

Bishop Paul P. Rhode of the Cath-  
olic diocese of Green Bay was in the

city from Wednesday morning until

Thursday afternoon, when he returned

to Green Bay. While here he held a

conference with Rev. S. A. Elbert

pastor of St. Peter’s church.

PUBLIC LIBRARY NOTES.

Come to the library and see our

books and posters on Shakespeare,

including all of his writings.

It is time to plant your spring gar-  
den; come to the library and get

pointers in our garden books.

Study the birds; come to the library

for any information you may want.

We have a fine collection of books on

birds. The library has received from

the State Conservation Commission of

Madison an illustrated placard on bird

houses, with all dimensions given, so

that they can be easily made. A prize

will be given to the boy that can make

the best bird house. All the boys in

the lower grades in school are invited

to come and see the plans and try

their skill at making one. They must

be brought to the library when com-  
pleted, with name, age and grade of

builder. The competition will close

the 31st of May.

last models for summer. It’s a  
glimpse

**SWAM THROUGH FALLS**

**Young Mosinee Man Performs Feat When Forced to Jump From Launch.**

Little Bull Falls at Mosinee, the bane of lumber craftsmen in the olden days, came miraculously close to adding another victim to its long list last Wednesday afternoon. Frank Riedel, a young Mosinee man, was navigating a gasoline launch above the falls, when the craft struck a submerged log, disabling the engine. Before Riedel could start the machine again the boat started drifting with the swift current. When he came to a realization of his danger he jumped into the stream. He managed to grasp a rope that was thrown him from the bridge, but was unable to retain his grip and dropped from sight. He reappeared in a few moments, desperately making his way toward the head of the island far below the bridge.

Riedel passed through the treacherous whirlpool and escaped the rocks and eddies and finally emerged in safety on the island, his strength nearly spent. He was rushed to a physician's office, where it was disclosed that he was only slightly injured.

In commenting upon this incident old residents who as boys watched the lumbermen take their rafts thru the falls, recalled to mind incidents where men were thrown upon their own resources in similar predicaments, says the Mosinee Times. But few came through alive. It is said that one man of venturesome nature did succeed in swimming the falls under very favorable circumstances.

**Whooping Cough.**

One of the most successful preparations in use for this disease is Chamberlain's Cough Remedy. S. W. McClinton, Brandon Springs, Ala., writes, "Our baby had whooping cough as bad as most any baby could have it. I gave him Chamberlain's Cough Remedy and it soon got him well." Obtainable everywhere.

**SUFFRAGE NOTES.**

(Contributed)

The roof garden of the Hotel Radisson in Minneapolis will be the scene of one of the most brilliant gatherings ever attempted by suffragists of the northwest on Monday evening May 8, when the main social event of the Mississippi Valley Suffrage conference will take place. The roof garden will be gaily decorated with suffrage colors and flowers and it is expected that 5,000 guests will be entertained. One table will be given up to presidents of state associations, another to University faculty women, another to university students. Mrs. David F. Simpson, wife of Justice Simpson of the Supreme Court of Minnesota, will serve as toastmistress of the evening and some of the most brilliant men and women in the whole country will respond to toasts. The list includes President Vincent of the University of Minnesota, William Chemney of the Chicago Herald, Miss Laura Clay of Kentucky, Mrs. Florence Bennett Peterson and Mrs. Catherine W. McCulloch of Chicago, Mrs. Nellie McCullum, Alberta, Canada, and Mrs. Carrie Chapman Catt.

One of the most interesting figures at the conference will be Mrs. Nellie McClung of Alberta, the famous Canadian woman to whom is given the main credit for the enfranchisement of women in the Canadian provinces of Alberta, Manitoba and Saskatchewan. She has been influential in politics in Manitoba for twenty years, is a speaker of wonderful power, vigorous, humorous and with a direct appeal to the masses. Those who know her say that if she were a man she would be premier as she is easily the most powerful figure in the Liberal Party today. She is about 45 years of age, the wife of a druggist, the mother of five sons and is a fine looking woman. She is not only a speaker but a writer, having to her credit three well known novels. After the conference, Mrs. McClung may come to Wisconsin for an address.

Among Wisconsin women on the program is Mrs. Henry H. Youmans, president of the Wisconsin Woman Suffrage Association, who will give talks on "How to Energize the Political Power of Women in Unenfranchised States" and "Measuring the Strength of the Opposition." Miss Adaline L. James of Richland Center will speak on some phase of Organization and Mrs. A. S. Quackenbush of Portage on Civic Programs for Study Clubs.

\* \* \* \* \*

Democrats of Kansas take no uncertain position in regard to endorsement of votes for women. They have elected a woman, Mrs. W. A. Harris, as delegate-at-large to the National Democratic Convention in St. Louis. A number of other women delegates from woman suffrage states will have seats at the convention.

\* \* \* \* \*

Dr. Anna Howard Shaw, who has been seriously ill of pneumonia, spoke for the first time since her illness, in Brooklyn, April 26.

\* \* \* \* \*

Miss Lutie B. Stearns, Milwaukee, who had been spending the month of April campaigning for suffrage in the state of Iowa, will speak at a mass meeting at the Congregational church in Waukesha, Friday evening, May 5. Shortly after her Waukesha address Miss Stearns will go to Texas for a series of platform engagements and will then go to New York for the Biennial convention of the General Federation of Women's Clubs.

\* \* \* \* \*

Miss Etelka Jacobi, Milwaukee, will serve as chairman of the committee of arrangements for the Wisconsin delegation to the great suffrage parade in Chicago, June 7. A special regalia will be designed for the Wisconsin women and it is expected that several hundred will march. The Richland Center women are planning for a special car for the contingent from that city and it is possible that the Wisconsin delegation will be accompanied by a girls' band.

**PRIESTS ARE ASSIGNED.**

Bishop Rhode Makes Appointments and Transfers—New Assistant at St. Peter's.

Among the transfers and appointments of priests in the Green Bay diocese that were announced by Bishop Paul P. Rhode last week are a number of considerable local interest.

Rev. John F. Landowski, Rev. F. X. Khiel, Rev. Joseph F. Gabryszeck and Rev. F. Bemowski, the Stevens Point young men who were ordained by Bishop Rhode on April 14, have all been assigned to parishes as assistants, as is customary with beginners. Father Landowski goes to St. John's church at Green Bay, Father Khiel goes to Our Lady of Lourdes church at Marinette, Father Gabryszeck to Holy Cross church at Kaukauna and Father Bemowski to St. John's church at Antigo.

Rev. B. J. Walejko, another of the newly ordained priests, whose home is in Pulaski, has been named as assistant to Rev. S. A. Elbert in this city, relieving Rev. Peter Banka, who is ill. Father Walejko will arrive here next Saturday to begin his duties.

Rev. Anton Krause, son of Mr. and Mrs. Michael Krause of this city, has been transferred from Crandon to St. Joseph's church at Oshkosh, this being his second promotion in the last few months. Rev. I. Grad, formerly assistant at St. Peter's in this city and who succeeded Father Krause at Redgranite, will have the joint pastorate of Goodman, Pembin and Armstrong Creek.

**DIED AT FOND DU LAC.**

Adelbert Trummer, 18 years old and native of Stevens Point, died at the home of his parents, Mr. and Mrs. Mathias Trummer, in Fond du Lac, last Thursday afternoon. Besides his parents he leaves five sisters and two brothers. The funeral was held from St. Mary's church at Fond du Lac Monday morning.

**CONSTRUCT TENNIS COURT.**

The vacant lots at the corner of Normal avenue and Union street, a part of the Alex. Krems, Sr., estate, will be used for tennis contests during the coming season, work of preparing the ground having already been started. Two courts will be constructed. F. A. and A. C. Krems are carrying out the project, primarily as a means of recreation for themselves and their families. From the standpoint of healthfulness, tennis is one of the finest sports and a revival of interest in the game in Stevens Point is a thing to be desired.

**GUN CLUB ELECTS.**

The Stevens Point Gun Club elected the following officers at its annual meeting last Friday evening:

President—Otto Brandies.  
Vice Presidents—Dr. R. B. Smiley, A. J. Cheasick.  
Secretary—A. M. Christman.  
Treasurer—C. S. Orthman.  
Field Captain—W. S. Bowersock.  
The club will hold a registered state shoot here on May 20 and the following committees have been named to prepare for the meet:

Entertainment—W. B. Coddington, Jesse Schmidt, John Lukasavitz, Paul Woznicki and J. J. Neuberger.

Program—G. W. Andrae, J. M. Pfiffner, Carl Oertel.

Members of the club have been going through some practice stunts and expect to put up a good showing with the many shots who will be here for the competitive meet.

**A Symbol of Health.**

The Pythagorians of Ancient Greece ate simple food, practiced temperance and purity. As a badge they used the five pointed star which they regarded as a symbol of health. A red five pointed star appears on each package of Chamberlain's Tablets, and still fulfills its ancient mission as a symbol of health. If you are troubled with indigestion, biliousness or constipation, get a package of these tablets from your druggist. You will be surprised at the quick relief which they afford. Obtainable everywhere.

**ANOTHER NEW CHURCH**

St. Stanislaus Congregation in Process of Formation—Option on East Side Property.

When Bishop Paul P. Rhode of Green Bay was in town last week he made preliminary arrangements for organizing a new Polish Catholic congregation in Stevens Point, the location of the church being tentatively fixed on property owned by V. P. Atwell and located within a stone's throw of St. Michael's hospital. An option was secured from Mr. Atwell and it is probable that the real estate deal will be closed within a few weeks.

Although St. Peter's church is the largest edifice in the city and has a seating accommodation for many hundreds of worshipers, it is far too small for the present membership and the question of dividing the congregation has been thought of for several years.

St. Stanislaus has been selected as the patron of the new church, the members thereof to include several scores of families of Polish nationality or descent living in the southern and eastern part of the city and also large numbers of farmers in the towns of Hull and Stockton.

It is an assured fact that the building will be a large and handsome one.

**ANNIVERSARY SERVICE.**

There was a large attendance of members of the orders, their families and friends at the anniversary service for the Odd Fellows and Rebekahs at St. Paul's M. E. church Sunday morning. The church quartet, composed of II. C. Snyder, Miss Winnie Deltzell, Miss Helen Humphrey and Karl Kelsay, sang and Rev. F. L. Hayward, the pastor, gave an inspiring address on "The Source of True Brotherhood."

Mr. Hayward brought out many splendid thoughts, the general theme of his address being that the secret of brotherhood, of sympathy, of sacrifice and salvation is beyond the order itself; that the basic principle of fraternalism is the belief in Christ and the love of God. While lodges are a valuable adjunct to churches, they should not be regarded as substitutes for churches, he said. Mr. Hayward also made the assertion that there are too many lodges, as well as too many churches, bringing out the point that with fewer fraternal organizations much more effective work could be done.

**DRAWS SCHOOL PLANS.**

F. A. Spalenka, the local architect, is preparing plans and specifications for the handsome new school to be erected jointly by districts Nos. 11 and 12 in Stockton at Custer. The building will be of solid brick construction, with cement trimmings and stone foundation. It will be 32x52 or 54 feet in dimensions, one story in height, with full basement, and will have a hot air heating system, yellow pine finish, hardwood floors, hard wall plaster, slate blackboards and shingle roof.

The basement will have a cement floor. Mr. Spalenka expects to have the plans ready for bidders in about three weeks.

Another school Mr. Spalenka is drawing plans for is one at Ogdensburg, where he was selected in competition with a number of other architects. This building will be 34x68 feet in size, built of solid brick, and two stories in height, with full basement. It will be modern, with hot air heat, ventilating system and indoor toilets. The cost will approximate \$10,000. Plans will be ready in about three weeks.

"Chamberlain's Tablets Have Done Wonders for Me."

"I have been a sufferer from stomach trouble for a number of years, and although I have used a great number of remedies recommended for this complaint, Chamberlain's Tablets is the first medicine that has given me positive and lasting relief," writes Mrs. Anna Kadin, Spencerport, N. Y. "Chamberlain's Tablets have done wonders for me and I value them very highly." Obtainable everywhere.

**NORMAL SCHOOL NEWS**

Weekly Resume of What is Going on at the City's Biggest Educational Center.

Miss Maud Brewster judged a declamatory contest at Mondovi last Friday evening.

H. Van Ryn of Milwaukee, architect for the new dormitory, transacted business in the city Monday.

Miss Irma Ingram, who holds a position in the Grand Rapids schools, visited friends in the city Monday.

New laboratory tables for the home economics department have arrived and will be installed in the next few days.

The annual Junior reception to the Seniors has been postponed from Saturday evening, May 6, to Monday evening, May 8.

Prof. and Mrs. M. M. Ames entertained the officers of the Junior class and the Junior debating team at their home at a six o'clock supper last evening.

F. W. Royce, the newly elected president of the Platteville Normal school, addressed the student body during the general exercise period last Thursday morning.

Profs. Fairchild and Rogers and Mrs. Short acted as judges in an oratorical contest at Chippewa Falls last Friday night. The Chippewa representatives secured first and second places.

Arrangements have been made by Coach Geo. D. Corneal with Art. Myers of the Oshkosh Normal for an exhibition relay race between the Oshkosh and S. P. N. track men, to be held on the afternoon of May 20, in connection with the high school interscholastic track meet here.

An athletic, home economics, manual training and declamatory contest of state graded schools will be held at Scandinavia on Friday afternoon and evening of this week. Profs. Fairchild and Herrick will judge in the declamatory contest and Prof. C. A. Bowman in the manual training exhibit.

A triangular debate between teams representing the Oshkosh, Terre Haute, Ind., and Normal, Ill., teams was held on Friday evening of last week, Oshkosh winning both decisions. The question was the same as that of the Stevens Point-Oshkosh Junior debate held in the local school in March.

On Saturday of this week the Stevens Point Normal track team journey to Appleton where they open spring athletics with the team representing Lawrence college. A battle royal is looked for, as Lawrence is reported fairly strong this year and the locals have been rounding into shape the last week. The team will be accompanied by Coach Geo. D. Corneal.

A debate on compulsory military training was held during the general exercise period Monday morning. The affirmative was upheld by Guy Birdsall and Henry Beglinger; the negative by William Gilson and Martin Paulson. The judges, Profs. Ames and Fairchild and Mrs. Short, awarded the decision to the affirmative team by two to one vote.

An outdoor stage, 35 by 50 feet, is being erected on the campus at the rear of the Normal building. It will be used for the several outdoor plays to be put on this spring, including "The Piper." The stage is being erected in a very desirable location and the large shade trees in the rear will take the place of artificial scenery. Profs. Fairchild and Herrick and Miss Bronson are in charge of the construction of the stage.

"Back to the Farm," is the name of a three act play to be given by the rural department of the school in the Normal auditorium on Friday evening of this week. The production is a royalty play put out by the extension division of the University of Minnesota and has proved a big success wherever it has been staged. The following students of the rural department will fill the various roles: Joseph Kraus, Henry Beglinger, Rachel Falk, Theresa Pekarski, Herbert Jensen, Emanuel Bentson, Sigurd Sigurdson, Joseph Jerzak, Bernice

**Ringness, The Shoe Man**

112 S. Third Street

Stoltenberg and Florence Johnson. Miss Jennie Graham is coaching the cast. No admission will be charged Friday evening and an invitation is extended to city people as well as students to attend.

Pres. and Mrs. J. F. Sims are entertaining this evening at a six o'clock dinner in the reception room of the new auditorium. Invitations have been extended to several faculty members and press representatives.

Members of Prof. Ames' civics class on Monday and Tuesday conducted a debate on the following question: "Resolved, That Military and Naval Forces in the U. S. Should be Doubled." Seven debaters upheld each side of the question and judges were selected from the student body.

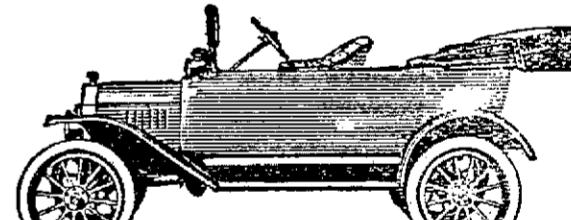

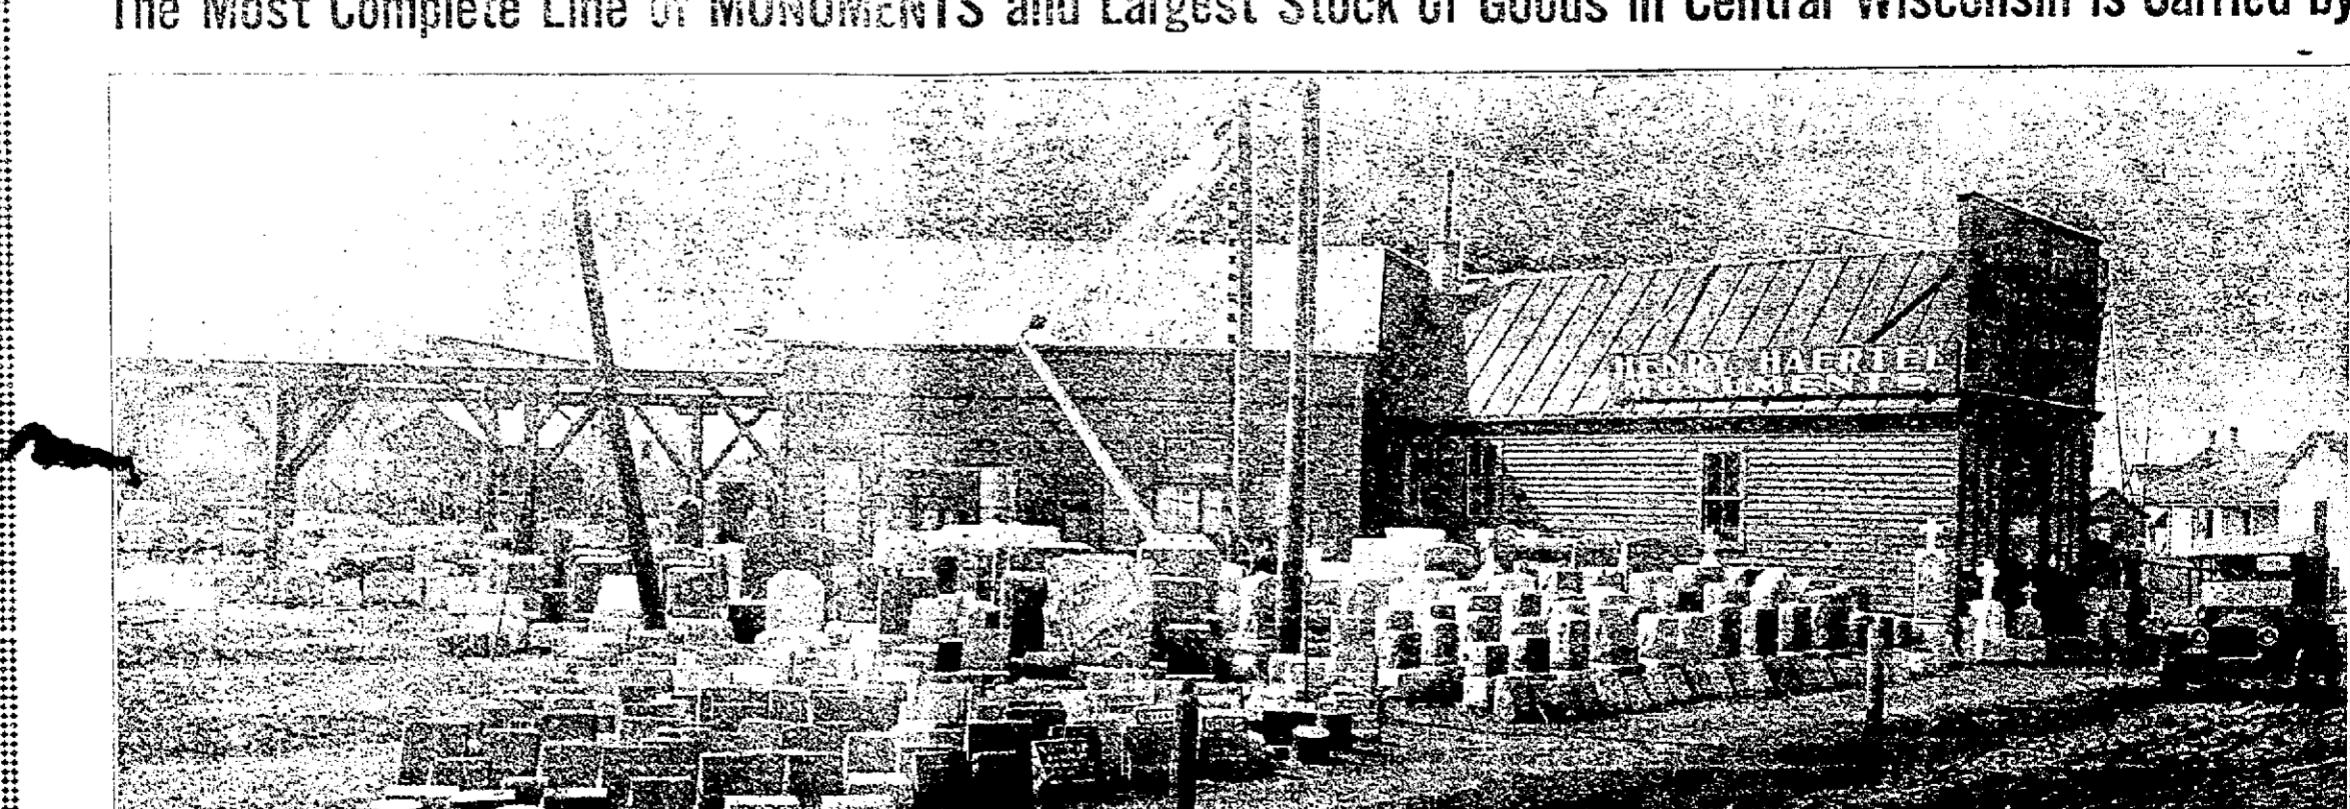

Prof. R. W. Fairchild has compiled a set of statistics taken from 36 Senior students on the total cost of their attendance at school for one year. It was found that \$200 was the lowest sum expended and \$400 the highest, the average being \$279.69. Twenty-

three students ranged between \$200 and \$300, eleven between \$300 and \$350, and two between \$350 and \$400. Both the average cost and lowest expenditure are above the figures appearing in last year's Normal bulletin. The new figures will be used in the next bulletin published.

Considerable trouble has arisen from a dispute over the recent inter-normal oratorical contest held at Superior for the right to represent the state in the national contest. Joseph Duff of Superior was awarded first honors on March 17, but the state board ruled him out because, he says, of his attacks on the German conduct of the war. Superior now asks that the oration of Isidor Dannerstein of Milwaukee, who was awarded the coveted honor, be disqualified, claiming that whole sections of his oration are taken from a speech of Senator Beveridge of Indiana. It is stated that court action may result from Duff's charge that his oration was thrown out because of the bitter attacks on Germany.
